COUNSELLING: HCCC & BThC

The Counseling Cohort does not follow specific SATS subjects but rather covers general counselling matters in a practical and applied way.

MASTERS OF DIVINITY:

As the MDiv program is still new, SATS releases new subjects each term. Students will be informed of class options ahead of time.

Note that programs are subject to change. Changes will be communicated in advance. Students are welcome to choose alternative electives to do as self-study.
